

上海交通大学-日本大阪大学第22届学术研讨会 化学分会场

SJTU and OU Joint Workshop on Organic Chemistry

On Tuesday, 8th December, 2020

14:00—17:45 (China time)

15:00—18:45 (Japan time)

Chair Professor Kazushi Mashima

14:00 Lecture SJTU1 (45 min including 10 min discussion)

Professor Yongqiang TU (Dean, School of Chemistry and Chemical Engineering)

Asymmetric Syntheses of Bioactive Natural Multi-cyclic Alkaloids

14:45 Lecture OU1 (30 min including 5 min discussion)

Professor Mitsuhiro ARISAWA (Graduate School of Pharmaceutical Sciences)

Cyclizations of Benzo-Fused Substrates Involving Two Multiple Bonds, Including Heteroatom-Substituted Unsaturated Bonds

15:15 Lecture SJTU2 (30 min including 5 min discussion)

Professor Zhaoguo ZHANG (School of Chemistry and Chemical Engineering)

Transition metal catalyzed fused ring formation under visible light

Chair Professor Yongqiang Tu

16:00 Lecture OU2 (30 min including 5 min discussion)

Professor Mamoru TOBISU (Graduate School of Engineering)

Catalytic Reactions Involving the Activation of Strong Sigma-Bonds in Carbonyl Compounds

16:30 Lecture SJTU3 (30 min including 10 min discussion)

Associate Professor Zhenfeng ZHANG (School of Pharmacy)

Chiral Bicyclic Imidazole Organocatalysts in Asymmetric Acylations

17:00 Lecture OU3 (45 min including 10 min discussion)

Professor Kazushi MASHIMA (Graduate School of Engineering Science)

Asymmetric Allylic Alkylation by Nickel Catalyst Systems: Beginning and Results of Collaboration Between OU and SJTU

Zoom: Meeting ID: 823 4605 4801 Password: 444110
